### The Newest Superdreadnaught of Our Navy.

When the new "Texas" sailed from Hampton Roads on her first trip in commission recently she was the most powerful battleship flying the Stars and Stripes. Ten 14-in. rifles from her main armament, and twenty-five 5-in. rifles comprise the secondary battery, and the big guns send a 1,400-lb. shell over 12 miles, with a penetration at 5 1/2 miles of 16-in. of Krupp armor. The guns are so arranged in electrically controlled turrets that the ten 14-in. guns may be fired simultaneously. The "Texas" is of 27,000 displacement, 573 ft. long and 95 ft. beam. The June Popular Mechanics Magazine contains a page view of the "Texas."

### PASSING OF THE CORONER.

The city of Greater New York is about to turn that officer left over from the middle ages, the coroner, almost out of business by a bill for that purpose now pending before the state legislature. It will give the most important of his duties into the hands of expert medical men, a chief medical examiner and a staff of assistants. The duties of coroners after January 1, 1915, will, if the bill passes, consist only in the holding of inquests in such cases as are brought before them by the district attorney and the coroner's jury will be abolished, thus doing away with this absurd and useless survival of a bygone age.

### HIS INTENT.

"Why were you going with that pretty maiden into the German restaurant?"

"I wanted to give my best girl the worst treat."

### CHARITABLE.

"There is a great deal of gossip about Gwendolyn's eyebrows." "Don't mind it. Her eyebrows are not as black as they are painted."

### Almost Any Kind.

"Pa, what is a comfortable income?" "One that sits easy on the conscience, I suppose."—Detroit Free Press.

### NOTICE

#### Of Election Of A School Trustee.

I have remained on the county board of Education long enough to be satisfied that the present county Superintendent, Prof. L. E. Foster, will endeavor without prejudice or favoritism to conduct the Educational interest of the county in a manner insuring the hearty support and approbation of practically all interested in better schools for our children. I, therefore, do not deem it necessary to remain on the county board longer than August. I would beg all the patrons and friends of Newstead school to meet me at the school house on Saturday, May 23, between the hours of two and three o'clock p. m., and elect some one to serve out my unexpired term of one year, from Sep. 1, 1914, to Sep. 1, 1915, as trustee of sub-district No. 1, division No. 5.

A. M. HENRY.

#### Must Be Left Untouched.

The "Treasure of the Lowly" is the supreme undiscovered treasure, that is why Masterlinck writes of it with a golden pen. Bring the jewel into the market, let the lapidary take it from its mysterious matrix and cut it with his remorseless tools, fit it into a king's crown, a lady's ring or the cover of a silver box and somehow the wonder vanishes. The crowd may stare, but no one goes into raptures any more—Indian Messenger.

### Child Cross? Feverish? Sick?

A cross, peevish, listless child, with coated tongue, pale, doesn't sleep; eats sometimes very little, then again ravenously; stomach sour; breath fetid; pains in stomach, with diarrhoea; grinds teeth while asleep, and starts up with terror—all suggest a Worm Killer—something that expels worms, and almost every child has them. Kickapoo Worm Killer is needed. Get a box to-day. Start at once. You won't have to coax, as Kickapoo Worm Killer is a candy confection. Expels the worms, the cause of your child's trouble. 25c. at your Druggist. Advertisement.

#### Sugar Cane.

Sugar cane is a species of grass. The stalks or canes resemble corn stalks of regions further north. Great quantities of cane are grown in Louisiana and other southern states. As the canes approach maturity they throw out a long smooth hollow joint termed the arrow. As the joints ripen the leaves wither and fall away with the stem. The juice is extracted by being pressed in a sugar mill between several heavy rollers. The juice is forced out by pressure and is immediately boiled down to prevent fermentation.

### Children Cry FOR FLETCHER'S CASTORIA

"John" the Favorite. A French journal has been digging into the soul of the young girl, and asking her what she wants in a husband as to color, age and name. The vast majority of 50,000 reply that they want a dark man of twenty-seven, and his name should be the French equivalent of John. None of your Algerians or Erics for the cautious damsel. None of your Hippolytes or Pauls—mercurial or subversive persons. They want John when it comes to husbands.
